## Wage Withholding - Paper Registration Filing for A Wage Withholding Account

I filed the CR100 form to register my business for a wage withholding account but I haven't received any information. Why?

If you chose to file a paper application for a wage withholding account, the <u>CR 0100</u> application form must be mailed or hand-delivered to a <u>Taxpayer Service Center</u> in order for you to receive your Department of Revenue wage withholding account number.

Mail the information to:

Colorado Department of Revenue 1375 Sherman Street Denver, CO 80261-0013

Allow up to eight weeks for your account to be set up. However, if you deliver your application at one of the Taxpayer Service Centers the withholding account can be issued to you immediately.

If it has been more that eight weeks since you filed the CR 0100, contact the department by email on our Web site and go the "Contact Us" link. Click on the "Ask a Question" tab to activate the email process. Include your FEIN number, business name, business location and mailing address, and date of filing in your e-mail to us. Or you can call the department at (303) 238-7378.
